THE CURRICULUM

The English National Curriculum is among the most in-demand study options in the world, respected for its high academic standards and focus on developing confidence and individual thinking. The learning pathway is delivered through enquiry or 'projectbased learning', a method of teaching which inspires a love of learning and deepens a student's knowledge by challenging them to complete realworld tasks. In this way, the English National Curriculum is

considered to be one of the most engaging of all.

The teaching of Arabic subjects is based on the guidance and materials prescribed by the Ministry of Education. It keeps local and other native Arabic speaking and Muslim children familiar with their national identity and religion. In addition, our international students gain an understanding of the UAE's heritage which helps enhance mutual understanding, peaceful co-existence and cross-cultural harmony and tolerance.

SUPPORTED BY THE SAME EXCEPTIONAL TEACHING STANDARDS AND TECHNIQUES DELIVERED ACROSS THE ALDAR ACADEMIES FAMILY

We deliver inspiring learning environments, combining the very best academic, arts and sporting facilities with the highest standards of teaching. As a result, our students perform at the very highest level, achieving exam grades that exceed global averages and secure places at the world's leading universities.
